Section 2000 Governing Board

2027 BOARD POLICIES

Board Action: APPROVED

Effective Date: 10-5-15

Board of Directors' policies are written statements adopted by the Board which communicate the guidelines within which the Executive Director/Principal and staff may take discretionary action.

The Executive Director/Principal may present drafts or suggestions for new policies and policy revisions when changes in law occur and when specific needs arise.

The Board encourages members of the community to contribute information and opinions for the Board's consideration and to propose revisions to policy. When drafting or revising policies which affect other governmental agencies, the Board welcomes input from these agencies and will cooperate with them in addressing matters of mutual concern.

The Executive Director/Principal shall provide for the continuous orderly review of existing policies at a time allocated for this purpose on the agenda of regular Board meetings.

The Board shall review certain policies annually, as required by law.

The adoption of policy shall conform to Board bylaws governing agendas, meetings, and voting. Only those written statements adopted and recorded in the minutes shall constitute official Board policy.

Before adoption, when possible, policies shall normally be given two readings by the Board. The policy may be adopted by a majority vote of all members of the Board. The Board may waive the second reading or may require additional readings.

When policies are amended, the Executive Director/Principal shall review corresponding administrative regulations to ensure that they conform to the intent of the revised policy.
