**WHERE: TEMECULA VALLEY CHARTER SCHOOL-MPR
35755 ABELIA STREET, WINCHESTER, CA 92596**

COST: FREE

Light Refreshments will be served.

The cyber safety seminar for parents, Parenting in the Digital World, is a 90-minute, engaging and eye-opening presentation about what is really going on in our children's digital world.

In this "new normal" where children are learning online from home, they are exposed more than ever to online predators and the damaging effects of screen time. This seminar will show you the current games, and apps children and teens are using today. Secondly, cyberbullying and other online threats are defined with current trends and real-world examples investigated in schools. Lastly, participants will be given tools and an action plan that they can immediately begin using to help keep their children safe online.

Topics discussed:

- Current apps children and teens are using and what you need to know about them
- Risks associated with popular social media sites
- "Sexting" and online predators
- How to set expectations and consequences
- How to monitor online activity and find secret Instagram accounts
- How to talk to your child about pornography
- Parental controls and privacy settings

PARENTS ONLY. NO CHILDREN ARE ALLOWED IN THE PRESENTATION
